

Miniature and Toy Jukeboxes

The private collection of miniature and toy jukeboxes is now offered for sale. The collection has been established over a period of more than thirty years since 1988, and today it is estimated that there are more than 520 different miniatures (1cm - 50cm) in the collection - the owner lost count a few years ago. ***It is probably one of the largest collections of its kind worldwide.*** Unfortunately the collection, now again exhibited in the owner's home, must find a new home in a year or two.

The value is estimated to be around €18,000 - €19,000, and the collection can be packed and delivered in Northern Europe. Please contact the owner by mail if you are interested in taking over the whole collection as one lot for private exhibition or a public museum. Open for reasonable offer.
