

# COLLECTION FOR SALE

The private collection of miniature and toy jukeboxes is now offered for sale. The collection has been established over a period of thirty years since 1988, and today it is estimated that there are about 600 different miniatures (1cm - 50cm) in the collection - the owner lost count a few years ago. *It is probably one of the largest collections of its kind worldwide.* Most of the collection has been packed in boxes for years, and it is time to find a new home for the collection.

The value is estimated to be around €18,000 - €19,000. Please contact the owner by e-mail if you are interested in taking over the whole collection as one lot for private exhibition or a public museum.
